

GET WIND OF THIS! Did you know that the wind gets the better of 1 100 000 000 umbrellas each year? The stormproof **senz° original umbrella** (www.smacs.co.za, from R565) was born out of pure frustration with traditional brollies. It always finds the most comfortable position in the wind, doesn't turn inside out and is windproof up to 100km/h. You can even choose one that right's for your height. Doesn't that blow you away!?

On the go...

Mark Witney, COO:
Singita Game Reserves

If you could go anywhere right now, where would it be?

Farquhar Island. It has what we value at Singita – wide-open spaces and unspoilt wilderness.

What do you never travel without?

Zeiss binoculars.

The most life-changing travel experience you've ever had?

A walk in the wild, with no sign of civilisation.

Your travel quirk? Using hair conditioner for the smoothest shave.

Best travel quote: "Never go on trips with anyone you don't love." – American novelist Ernest Hemingway

If you could time travel, would you go to the future or the past? I'd go back to the Fifties and Sixties, when travel was a real adventure and there were still remote places to be discovered.

LILAYI, THE PLACE TO REST AT SUNSET

With unsurpassed views of the parklands and its highly personalised service, Lilayi offers guests a tranquil environment in which to revitalise and refresh. The luxury lodge is situated conveniently close to Lusaka, Zambia's capital, and promises an idyllic getaway for the business and leisure traveler alike.
